## 2nd Opinion (2016) on ICAR type B membership for the Manuel Genswein company

Dear Mr. President,  
Dear Members of the ICAR Board,  
Dear Assessors,

We are submitting the opinion of Swiss Alpine Rescue on the updated request (2016) received from Mr. Manuel Genswein for ICAR type B membership.

SAR refers to its first opinion of 28 July 2015 and still rejects the admission of the Manuel Genswein company as an ICAR type B member.

For SAR it is important to state, that this negative view is in no way connected to the work performed by Manuel Genswein or against his person.

As set out in the first opinion statement, clarification is required regarding the admission of the M. Genswein's company, if manufacturers and retail/service providers are to be admitted as type B members, rather than honorary members (type D), as defined in the current statutes.

The fundamental admission of commercial suppliers and companies to type B membership would, in our opinion, have a major impact on the current orientation and the future development of ICAR.
