Dear Tom,

We are delighted to invite you to join us for a session providing insights from Association Leaders representing Africa, Asia, America and Europe. This webinar is organised in collaboration with AfSAE, APFAO, ASAE and ESAE, and will showcase the importance of adapting to change.

Change is inevitable - and associations are drivers of change, but many have been slow in responding to the necessary changes needed to overcome the global pandemic. Our speakers will help organisations understand how to move from simply reacting to achieving success.

**Key themes:**

- Mitigating loss for your organisation
- Planning intentional action to overcome disruption
- Re-invent and change to succeed

Join us on **19 May, 15:00 - 16:00 (CET)** by registering using the button below.

You can also check out the ICCA Global Conversations: Understanding association challenges and finding solutions for new business practices recording for the webinar that took place on 28 April.
