Dear Tom,

In the absence of face-to-face meeting opportunities and site visits ICCA is launching a series of “Virtual taste of...” sessions hosted by ICCA Association Relations Partners bringing associations a taste of destinations worldwide through virtual experiences.

Who are the sessions aimed at?

The virtual experience sessions are aimed at associations interested in using this downtime to be inspired by destinations for the future. Whether you want to hear what recovery efforts are being implemented locally, or want to get creative ideas on how to inspire your delegates to join you live at your future events, or find out more about ground-breaking research being performed locally - all and more is possible at our "Virtual taste of...” sessions.

When are sessions taking place?

The virtual experience sessions are taking place between 25 May and 7 July and last 30 minutes. You can see the full schedule on our website.

How does it work?

- You can sign up via the registration button for as many sessions as you want. Please note that registrations are subject for approval by ICCA.
- The ICCA Regional Director will send you login instructions for a Zoom meeting call closer the time of your event.
- The session will be co-hosted between the ICCA Regional Director and the ICCA Partner.
- We want to ensure that sessions stay small and intimate so you can ask anything you want and make meaningful connections, which you will be able to capitalize on once international travel and meetings will resume.
- The number of associations per session will be limited to 5 and will be assigned on a first come, first served basis.
- Our Partners will follow up directly with you with any additional information.
- If we are not able to confirm all the sessions of your choice we will forward your details to the partner in question to set up a separate call with you.
