Betreff: Online Conference System - Demonstration Videos & Functionality

[View in browser](#)

Hello Tom

Choosing your online conference system is difficult and you are likely to have many unanswered questions. The below will help you to discover a selection of suppliers, all business partners to associations, are out there and what services they provide, and what they can do for your community, events and services.

View the videos, the system functionality lists, key contact details and book appointments with the suppliers by following the links below:

How to Select your Online Technology Partner
presented by Sasha Frieze, CEO, The Business Narrative
