

ICAR 2021 Congress

Update of May 11th, 2021

Dear ICAR Partners,

As you are well aware, the situation due to the Covid pandemic still drives uncertainty and restrictions throughout the world. Consequently, our Greek Hosts have taken the decision not to host the ICAR congress in Thessaloniki this year.

For this reason, **the 2021 ICAR Congress will be held virtually.**

The ICAR Technical Committee, led by Gebhard Barbisch, is working on the integration of ICAR Partners and will get in touch with you in the near future.

We thank you for your understanding and look forward to delivering this virtual congress with your support.

May you, your family members and your fellow friends stay healthy in these challenging times.

With very kind regards

The ICAR Executive Board
